

# Volunteers Needed!

# The Family Reunion

## DESCRIPTION

With health disparities continuing to be at crisis levels in California and across the nation, the California Black Women's Health Project (CABWHP) has set a goal to **raise \$1,000,000 in funding to further our mission of advancing health justice for California's Black women and girls.** Our organization's programs span areas impacting Black women's health and well-being from preconception to aging, including; mental, maternal, reproductive, and sexual health, violence prevention, and the impact of social determinants on health.

This year CABWHP is hosting impactful events and collaborating with partners and volunteers across the state to further our mission. All donations will strengthen operations and support existing programs focused on training, educating, and building the capacity of Black women to become health advocates and activists. We are excited to share that our next 30th-anniversary celebratory event, **The Family Reunion**, will take place on **Sunday, June 30th at SOFI Stadium in Inglewood, CA.** Envision a health fair meets block party and come join a joyful celebration of family, friends, and the remarkable strides we have made in Black women's health over the last 30 years.

## SUPPORT REQUEST

We are a small team offering programs statewide and rely on support from volunteers and partners. The Family Reunion will feature lots of activities, food, entertainment, and networking, and we need volunteers to help provide on-the-ground support.

If you are interested in supporting us at this event as a volunteer please reach out to us at **30th@cabwhp.org** or via one of our volunteer liasons to confirm interest in volunteering. We sincerely appreciate your support!

## VOLUNTEER SUPPORT NEEDED

Below are some of the areas where we will require on-the-ground support on the day of the event. Please note that this is not an extensive list and if you sign up to volunteer you may be asked to support in other ways as needed on the day of the event.

### Tabling Support

- Support program leads by distributing information and supporting planned activities
- Assist vendors with table setup
- Support attendees looking for specific tables

### Kids Zone

- Help monitor kids activities providing additional supplies as needed
- Assist with directing families/kids seeking the kids zone to the area

### Set up & break down

- Help set up banners, step & repeats etc.
- Prep giveaway bags
- Assist with setting up tables, tech etc. as needed
